

Trade-Up Kids Bike Program

We Know Kids Grow!

If you buy a new kid's bike from our store, you can bring it back within 2 years and trade it in. At that time we will give you up to 50% of what you paid for it as a credit toward the next size bike.

Which Bikes Are Eligible?

All kids bikes we sell sized 24" and under are eligible. BMX bikes are not eligible for the Trade Up Program.

How Does It Work?

Within 2 years of the date of purchase of your bike, return it to our store and we will evaluate its condition. We will then give you up to 50% of what you paid, before sales tax, based on the current state of the bike, that you may use as a credit toward the purchase of a larger kids bike for the same rider.
